

Vendor meet organised by NINL

STATESMAN NEWS SERVICE

Jajpur, 18 November

A “vendor meet” was organized by Neelachal Ispat Nigam Limited (NINL) at Kalinganagar industrial complex, Odisha.

Mr Sashi Shekhar Mohanty, vice chairman and managing director, NINL, addressed the vendors and said the future of NINL is bright. Recently, the ministry of environment & forest, has granted environment clearance to the iron ore mining project. “We have chalked out a plan of execution of the capital repair in April, 2017, after which hot metal production will be enhanced. Following this, production will

resume at steel melting shop (SMS),” he said. “We have plans for value added production at the plant. Things will turnaround at this plant”, he observed. Mr Sashikant B. Jagdale, Jt. Managing Director, NINL appealed to all stake holders to work as a team and ensure success. Mr RK Jha, executive director (works), Mr TSK Shroff, general manager (HR/IR) and other senior officials were present. NINL, promoted by MMTC Ltd, IPICOL, OMC and other government agencies, has set up an 1.1 million ton integrated iron and steel plant at Kalinganagar, Duburi, district-Jajpur, Odisha. It is the country’s highest exporter of pig iron.
